SWING STAGE

Re-create every **makeable putt** 'and every fairway slope'

**Putt on the most technically advanced
playing surface in the world of golf.**

Virtually limitless gradient combinations on a Tour-speed, true-rolling, organic and grass-like putting surface, exclusive to Zen Green Stage.

Trusted by Tour Players and their coaches, PGAs, Universities, Private Golfers, Major Venues, Golf Academies, Country Clubs & Golf Resorts, Retailers & Custom-Fitters and TV Broadcasters worldwide.

**Zen Green Stage:
Tour-standard putting on every green in the
world.**

The image shows an indoor putting green facility. The main area is a large, rectangular green mat with a realistic grass texture, set on a raised platform. The background wall is dark with vertical slats and features the 'ZEN GREEN STAGE' logo in large, illuminated letters. The 'ZEN' part is white with an orange dot, and 'GREEN STAGE' is in a white box. The ceiling has recessed lighting. To the left, there are smaller putting green setups with labels like 'MB On-Floor Putting Only' and 'ZEN In-Floor Putting Only (Stained Floor)'. A large mural on the left wall shows a golf course with a building in the background.

PHIL KENYON,
Tour Putting Coach ..

“The Zen Green Stage has joined launch monitors as one of the essentials for the modern golf studio. I now give better lessons simply because I have it - in that respect, it's priceless.”

DARREN MAY,
Golf Coach,
Grove XXIII ..

“You can absolutely change someone's Swing Path, Angle Of Attack, Swing Direction and Swing Plane just by moving the ground with the Zen Swing Stage.”

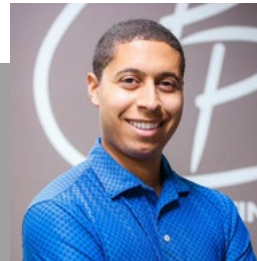

TIM CUSICK,
Head Coach,
PGA of America ..

“The Zen Green Stage is a phenomenal putting green in so many different ways. Its ability to replicate some of the most famous putts in golf history is captivating for our students and coaches. It's a 'take away' you won't find anywhere else.”

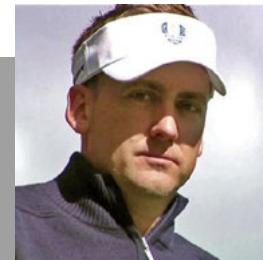

DR PAUL HURRION, Quintic Putting Analysis..

“When moving to my new putting studio, the Zen Green Stage was the key focus point in the design.”

PRESTON COMBS,
Tour Putting Coach,
Prestons Putting..

“Adding a Zen Green Stage has transformed my coaching and business. I cannot say enough positive things about my experience with Zen.”

IAN POULTER,
Ryder Cup golfer,
Zen Green Stage owner ..

“Zen Green Stage is great practice. It's the business.”

STEPHEN BURNETT,
Performance Manager (Men's Golf),
England Golf ..

“Ever since we built our indoor putting studio, the Zen Green Stage has taken 'centre stage' in helping our players refine their technique with the putter.”

TIM CUTSHALL,
IA Sports,
Golf Academy designer .. “

Nowadays you should be designing your golf studio around Zen Green Stage. Nobody else out there has a product that can do this.”

KRISTIAN BAKER,
PGA Coach,
Ultimate Golf Studio,
Sunningdale Heath..

“Our Zen Green stage has created a whole new dynamic to what we are able to offer at the golf studio. As a teaching tool and a learning experience we couldn't be happier.”
